BHARATH R

Analyst/Software Engineer

Base Location: Mumbai

Email ID: bharath.e.r@capgemini.com

Mobile No: 7598246167

Grade: A4

Strengths

- A self driven learner with DevOps knowledge. Passionate about creating and implementing new ideas.

- Ready to learn new technologies/Frameworks and implement them to further improve my knowledge.

- A team player with good communication skill always ready to work for the enrichment of knowledge.

- Has working knowledge on DevOps tools like Git, Docker Jenkins, Kubernetes, Ansible, Terraform and AWS cloud (Basics).

Projects

CASE STUDIES

- **CI/CD through Jenkins** – We created EC2 instance for the Jenkins and tomcat. We configured both tomcat and Jenkins. Using the git repository we fetched the html file and deployed it in Jenkins server using IPV4 address.

- **Ansible configurations in AWS** – We have created two instances for server and clients . We connected both ansible server and client and worked on it.

- **CI/CD through Containers (Docker)** – Here we created a instance for docker and installed the docker and then deployed the container using the Jenkins.
